Zeynab Jahangiri

Teacher Training Center

Has completed the following topics in the course on
Teaching English to Young Learners

Teacher Training Center

This course dealt with fundamental principles and techniques for teaching young learners in both online and face-to-face settings. It provided an overview of basic teaching knowledge and skills for different levels and purposes. Educational videos and technology-based tools demonstrated a practical theme for performing a lesson. Through a guided teaching practice, participants explored the covered topics in action and under constructive feedback.

Study Timetable:

- 4 weeks;
- 2 hours, Introductory session
- 4 Input sessions, 5 hours per session
- 2 hours, Guided teaching practice

Learning Outcomes:

- Identify learners' needs and context to plan engaging lessons.
- Design learner-centered tasks and activities to teach the new concepts.
- Develop learners' language skills through practical methods and techniques.
